

DESIGNED
AND
CRAFTED
IN THE
HEART OF
MID-DLUSTER

Sperrin stoves is located in the heart of Mid-Ulster where our range of hand crafted stoves is designed & manufactured.

We have been involved in the heating industry since 1970 so we know what people really want from their stoves. Every Sperrin stove goes through a rigorous multi stage quality test procedure.

This is to ensure that you have many years of reliable heating enjoyment from your Sperrin stove.

All our stoves have been fully UK tested and approved. They comply with relevant CE regulations: BS EN12210.
